

Sustainable teas

UK-based tea brand Typhoo is launching globally certified environmentally sustainable teas to be marketed across India. It includes popular blends as well as new Gold products that bear the seal of the Rainforest Alliance. The seal is an internationally recognised symbol of sustainability that addresses environmental, social and economic issues. Products bearing the seal contain ingredients sourced from farms that are managed according to environmental, social and economic criteria, designed to conserve wildlife, safeguard soils and waterways, protect workers, their families and local communities and increase livelihoods.
